Sam's Marine and Performance 2026/2027 Shrink Wrap Contract

Sam's Marine and Performance:

1. Will not be responsible for damage to vinyl enclosures, windshields, windscreens, or any equipment mounted on radar arches, hardtops, or pulpits, including but not limited to spotlights, radars, antennas, domes, glomexes, or navigational lights.
2. Will not be responsible for damage due to acts of nature such as heavy snowfalls, high winds, etc.
3. Will not be responsible for poorly-maintained or aged boat components such as clear vinyl, zippers, and snaps that may be past their workable life.
4. Will not be responsible for how any items on the boat react to cold weather during the shrink wrap or shrink wrap removal process, including but not limited to clear vinyl, zippers, snaps, etc.
5. Does add ventilation to all boats but is not responsible for any issues arising from moisture retention.
6. Will not be responsible for any damage due to rodents. Shrink wrap does NOT protect against rodents.
7. Assumes all boats can withstand all aspects of shrink wrap and the shrink wrap process, and is not responsible for any damage to the structures involved, including but not limited to railings, stanchions, cleats, windshields, etc.
8. Will not be responsible for any damage that may occur when items need to be moved or interfere with the shrink wrap process, including but not limited to damage to dinghies, kayaks, aqua mats, etc.
9. Will not be responsible for any issues arising from shrink wrap or the shrink wrap process and the various surfaces of the boat, including but not limited to gelcoat, AwlGrip, paint, stainless steel, wood, plastic, flooring, etc.

Sam's Marine and Performance 2026/2027 Winter Storage Contract

Sam's Marine and Performance:

1. Will not store any watercraft without a signed contract.
2. Will not store any watercraft with an outstanding account balance. Storage fees must be paid in full before commencement of winter storage.
3. Assumes no responsibility for any damage or loss to boats, trailer, or any personal property stored at Sam's Marine, whether caused by weather, fire, water, lightning, tornado, wind storm, hail, rodents, explosions, theft, malicious mischief, collapse of building, or any other hazard or casualty of any kind or any combination of the foregoing, regardless of fault or failure to act. Sam's Marine will not be responsible for damage including but not limited to railings, stanchions, cleats, or windshields. Owner agrees to keep the watercraft fully insured for a suitable amount, without interruption, for the duration of storage at Sam's Marine.
4. Will, in the event of any emergency, have the right to move any boat to any other available location, including off-site.
5. Will not be responsible for any winter storage covers supplied by customers including tarps, reused shrink wrap, boat covers, and customer-supplied lumber.
6. All hull plugs will be removed for storage. Customer will be responsible for installing them before boat is launched in spring.

*****Watercraft in winter storage at Sam's Marine must be removed, or alternate arrangements must be made with Sam's Marine by May 1st, 2027.*****
